4th Grade CHRISTMAS Wish List PowerPoint

Objectives:

- Understand how to change background designs in a PowerPoint presentation.
- Understand how to use bullets.
- Be able to insert images or copy and paste images.

Saving Your Presentation:

- Save the presentation onto your flash drive as followed and then again on the computer when completely finished.

  Last Name First Name Christmas Wish List
  Example: Smith John Christmas Wish List

TASK :

Santa Clause informed Mr. Kent that he is tired of boring Christmas Wish Lists, written on plain old paper. Santa is after all, very high-tech, and is looking for you to create an 11 slide PowerPoint to showcase the top 10 gifts you would like for Christmas! By providing images, either clip art or Internet images, Santa will know exactly what you want, if he doesn't already! Follow the directions and maybe Santa will bring you what you ask for this year. Oh . . . And one more thing . . . Santa does not want to see more than one background design. Stick with one background design for all slides to make Santa happy.

Requirements:

- **Title Slide (slide 1)**
  - Slide layout choice: title slide
  - Include your first and last name.
  - Include your class section.
  - Include a title for your Christmas Wish List presentation.
